(0188); Troy Coolidge No. 13, LLC (None); BlueLight.com, Inc. (7034); Sears Brands, L.L.C. (4664); Sears Buying Services, Inc. (6533); Kmart.com LLC (9022); Sears Brands Management Corporation (5365); and SRe Holding Corporation (4816). The location of the Debtors' corporate headquarters is 3333 Beverly Road, Hoffman Estates, Illinois 60179.

I, William Murphy, declare pursuant to 28 U.S.C. § 1746, under penalty of perjury to the best of my knowledge and belief, that:

1. I am a Senior Director of M-III Partners, LLC, which has its principal offices at 130 West 42nd Street, 17th Floor, New York, NY 10036 and represents Sears Holdings Corporation and its debtor affiliates, as debtors and debtors in possession in the above-captioned chapter 11 cases (collectively, the “**Debtors**”). Inclusive of my time at M-III, I have over thirty-five years of experience in corporate restructuring, including advising companies on strategic planning, financial projections, and debt restructuring.

2. I submit this Declaration in support of confirmation of the *Modified Second Amended Joint Chapter 11 Plan of Sears Holdings Corporation and Its Affiliated Debtors*, dated July 9, 2019 (ECF No. 4476) (as may be amended, modified, or supplemented, the “**Plan**”).<sup>2</sup>

3. Except as otherwise indicated, all statements in this Declaration are based on my personal knowledge of the Debtors’ operations and finances gleaned during the course of my engagement with the Debtors, my discussions with the Debtors’ senior management, other members of the M-III team, and the Debtors’ other advisors, and my review of relevant documents and/or my opinion based upon my experience. If called to testify, I could and would testify to each of the facts set forth herein based on such personal knowledge, discussions, review of documents, and/or opinion.

### **Liquidation Analysis**

4. I directly managed and supervised the M-III team that prepared the Liquidation Analysis (as may be amended, supplemented, or otherwise modified) and am familiar

---

<sup>2</sup> Capitalized terms used herein and not otherwise defined herein shall have the meanings ascribed to such terms in the Plan and Confirmation Brief.

with the analysis and related assumptions. I reviewed and provided analysis for various Debtor entities, and was fully involved in discussions regarding the assumptions critical to the Liquidation Analysis and the results for each group of Debtors, during the time leading up to the filing of the Plan and the Disclosure Statement.

5. On July 9, 2019, a liquidation analysis prepared by M-III (the “**Liquidation Analysis**”) was filed as Exhibit E-1 to the Disclosure Statement. The Liquidation Analysis clearly shows that each holder of an Allowed Claim and Allowed Interest will receive or retain under the Plan on account of such Claim or Interest property of a value, as of the Effective Date, that is not less than the amount that such holder would receive or retain if the Debtors were liquidated under chapter 7 of the Bankruptcy Code.

6. Further, I believe the Liquidation Analysis is reasonable and incorporates justified assumptions and estimates regarding the Debtors’ assets and claims, namely (i) the additional costs and expenses that would be incurred by the Debtors as a result of fees for one or more chapter 7 trustee and retention of new professionals; (ii) the delay and erosion of value of the Debtors’ assets that would be caused due to the need of the newly appointed chapter 7 trustee(s) and its professionals to familiarize themselves with the assets and liabilities of the Debtors; (iii) the reduced recoveries that would be caused by pressure on the chapter 7 trustee(s) to settle and expedite recoveries; (iv) PBGC would assert General Unsecured Claims of \$1.4 billion and a Termination Premium Claim of approximately \$340 million at every Debtor and would not direct KCD to waive its potential Administrative Expense Claims of \$146 million; and (v) the chapter 7 trustee would have to assume the defense of the 507(b) Appeal, the trustee and its professionals will likely incur extensive costs to get up to speed on the substantial record of this dispute and there is a significantly higher likelihood that the trustee may not be successful on appeal as

compared to the Debtors and their professionals. If the chapter 7 trustee is not successful, any Allowed 507(b) Claim would reduce, on a dollar for dollar basis, recoveries for junior creditors.

### **PBGC Settlement**

7. I was involved in the iterative negotiations of the PBGC Settlement and the corresponding analysis on the impact of any given proposal on the Estate, distributions, and other stakeholders. The negotiation process by and amongst the Debtors and PBGC spanned several months—starting in early 2019, as evidenced by the filing of the initial PBGC Settlement Term Sheet (ECF No. 2529). Originally, pursuant to the PBGC Settlement, in exchange for an \$80.0 million priority interest and \$800 million General Unsecured Claim, PBGC agreed to withdraw all objections to the Sale and support the Debtors’ Sale Transaction and eventual chapter 11 plan. In addition, the PBGC Settlement contemplated the resolution of multiple complex and intertwined issues that would have likely complicated and prolonged confirmation of the Debtors’ Plan.

8. Negotiations were again resumed in advance of the Disclosure Statement hearing, when the PBGC Settlement was amended to allow for, among other things, the settlement of substantive consolidation (as reflected in the Disclosure Statement). The original PBGC Settlement required deconsolidated chapter 11 plans. As a result of such negotiations, the PBGC Liquidating Trust Priority Interest was increased to \$97.5 million and PBGC agreed to receive one single recovery on account of its joint and several General Unsecured Claim—rather than seeking a recovery at each individual Debtor and agreed to the Plan Settlement. This consensual amendment finalized the PBGC Settlement and secured PBGC’s support of the Plan Settlement and the Plan Settlement Premium. Thus, the PBGC Settlement is the result of months of good faith, arm’s-length negotiation between the Debtors and PBGC, the culmination of which achieves

a compromise in the best interest of the Debtors' Estates. Moreover, the Debtors and PBGC were represented by competent and experienced professionals throughout the negotiations.

9. The key terms of the PBGC Settlement are as follows:
  - a. PBGC agrees to support and vote in favor of the Plan.
  - b. The Debtors and PBGC agreed to a consensual termination of the Pension Plans, effective January 31, 2019.
  - c. PBGC will receive an Allowed General Unsecured Claim in the amount of \$800 million in satisfaction of the PBGC UBL Claim, reduced from the approximately \$1.4 billion that could be asserted by PBGC at each Debtor.
  - d. On the Effective Date, PBGC will receive the PBGC Liquidating Trust Priority Interest, which shall entitle PBGC to and be secured by the first \$97.5 million of Net Proceeds of: (i) Specified Causes of Action, after payment in full satisfaction of all senior Claims (or maintenance of amounts in the Disputed Claims Reserve on account of any Disputed Claims); and (ii) Other Causes of Actions arising under Chapter 5 of the Bankruptcy Code, after payment in full satisfaction of all senior Claims (or maintenance of amounts in the Disputed Claims Reserve on account of any Disputed Claims).
  - e. PBGC will grant a full release of all pension funding and unfunded benefit liability claims against all Debtors, other than the agreed PBGC Claims.
  - f. PBGC will not assert the Termination Premiums claims pursuant to ERISA section 4006(a)(7) against any Debtor, including a claim in bankruptcy.
  - g. PBGC agreed to all reasonably requested action by the Debtors to ensure that any claim of KCD against the Debtors are waived in full and to waive the assertion of any administrative or superpriority administrative expense claim in these chapter 11 cases.
  - h. Mutual releases of any and all Claims or Causes of Action against PBGC and/or the Pension Plans, and the Debtors, respectively, other than PBGC's and the Debtors' rights to enforce the rights and obligations under the PBGC Settlement.

10. The PBGC Settlement resolves, without the need of litigation, issues surrounding the complex relationship between PBGC and the Debtors, including: termination of the Pension Plans, various assertable claims by PBGC (including up to \$1.4 billion of joint and several liability against each Debtor), PBGC's influence on the board of KCD (if KCD's alleged Administrative Expense Claims were allowed against the Debtors, it could have a significantly negative impact on the Debtors' available assets), and the significant joint and several liabilities against each Debtor, in order to maximize value for all creditors. PBGC asserts that the PBGC UBL Claim could be as high as \$1.4 billion against each member of the Debtors' control group and that its Termination Premium Claim total approximately \$340 million, both of which can be asserted jointly and severally against all Debtors. Absent the PBGC Settlement, significant PBGC Claims could be asserted jointly and severally against each Debtor thereby causing the overwhelming dilution of recoveries for other General Unsecured Claims. The amount of PBGC UBL Claim would be significant given the size of the Pension Plans and the level of funding; absent the PBGC Settlement, the Debtors would certainly litigate the value of this claims.

11. The PBGC Settlement amounts to over \$1 billion in value being retained by the Debtors' Estates and vastly improved recoveries for holders of General Unsecured Creditors. Indeed, as demonstrated in the chart below, using the projected Claim and recovery numbers from the Liquidation Analysis (which assumes that approximately \$132 million is available for distribution to Holders of General Unsecured Claims), even accounting for the \$97.5 million PBGC Liquidating Trust Priority Interest, overall, Holders of General Unsecured Claims are projected to receive 2.31% recoveries under the PBGC Settlement as compared to 0% for Holders of General Unsecured Claims if there were no PBGC Settlement (assuming a Deconsolidated Plan). Put simply, General Unsecured Creditors as a whole receive 2.31% greater recoveries under the PBGC Settlement.

(1) Comparison of the Risk adjusted Deconsolidated Plan recoveries to the Plan Settlement - Increase (Decrease)

12. In a deconsolidated plan scenario *without* taking into account any litigation risk (the "**Deconsolidated Plan**"): (a) PBGC is projected to recover approximately \$63.8 million on its General Unsecured Claim, (b) general unsecured creditors of Kmart Corp. are projected to recover approximately \$84.9 million in the aggregate, (c) general unsecured creditors for all other Debtors besides Kmart Corp. are projected to recover zero, (d) Guarantee claimants are projected

to recover \$30.9 million in aggregate, and (e) ESL (on account of its Guarantee Claims) is projected to recover approximately \$32.2 million on account of its General Unsecured Claim.<sup>3</sup>

13. However, in order to accurately compare the recoveries of the general unsecured creditors in the Deconsolidated Plan versus under the Plan Settlement, the risk factors that were taken into account in calculating the Plan Settlement Premium—*i.e.*, 75% risk of inter-estate and inter-creditor litigation and risk of substantive consolidation in a Deconsolidated Plan scenario—should be applied to the projected recoveries of the unsecured creditors that will be receiving the Plan Settlement Premium: Kmart Corp. general unsecured creditors, and the Guarantee claimants (including ESL). Application of the risk factors results in the following adjusted recoveries: (i) approximately \$21.2 million for Kmart Corp. general unsecured creditors, (ii) approximately \$7.7 million for Guarantee claimants, and (iii) approximately \$14.7 million for ESL on account of its Guarantee Claims.

14. In comparing such recoveries to the projected recoveries in a Plan Settlement scenario that takes into account the PBGC Settlement and the increase (\$17.5 million) of the PBGC Liquidating Trust Priority Interest, creditors do better in a Plan Settlement and PBGC Settlement scenario, with increased recoveries (approximately \$4.4 million) across the board: (a) the Kmart Corp. general unsecured creditors would still improve their recovery by \$11.4 million (with a total projected recovery of \$32.6 million), (b) the Guarantee claimants improve their recovery by \$3.9 million (with a total projected recovery of \$11.6 million), (c) ESL improves its recovery by \$6.7 million (with a total projected recovery of \$14.7 million), and (d) general unsecured creditors for all other Debtors besides Kmart Corp. improve their recovery by \$11.4 million (with a total project recovery of \$53.5 million).

---

<sup>3</sup> By necessity, the Debtors disregarded prepetition intercompany claims in this analysis.

15. By comparison, PBGC's recovery on its General Unsecured Claim is drastically reduced by \$43.8 million, more than two thirds of what it would recover in the Deconsolidated Plan. Put differently, although PBGC is entitled to an additional \$17.5 million from the PBGC Liquidating Trust Priority Interest under the Plan Settlement, PBGC is taking a much larger reduction in recovery on account of its General Unsecured Claim (from \$63.8 million in the Deconsolidated Plan to only \$20 million under the Plan Settlement) while the other general unsecured creditors will receive benefit directly from that reduction. As a result of PBGC's compromise, all other general unsecured creditors are getting an increased recovery.

16. In sum, the PBGC Settlement is the result of months of good faith, arm's length negotiation between the Debtors and PBGC, and the culmination of which achieves a compromise in the best interest of the Debtors' Estates. Therefore, in light of all of the above, I believe the PBGC Settlement should be approved.

#### **Plan Settlement**

17. I was involved in the structuring of the Plan Settlement and the analysis and calculation behind the Plan Settlement Premium. I understand that by virtue of the PBGC Settlement and the Creditors' Committee Settlement, both the PBGC and the UCC support the Debtors' Plan—including the Plan Settlement.

18. The Plan Settlement seeks to resolve inter-estate and inter-creditor issues in relation to intercompany claims and issues of substantive consolidation. The key terms of the Plan Settlement are as follows:

- a. All Assets of the Debtors shall be consolidated and treated as Liquidating Trust Assets irrespective of which Debtor owns such Asset, and all Claims against any Debtor on account of joint obligations shall be treated as a single Claim entitled to a single recovery against the Liquidating Trust Assets (subject to exceptions for certain guarantee and ESL Unsecured Claims at certain Debtors).

- b. All guarantee Claims will not be entitled to Distributions from the Liquidating Trust (subject to exceptions for certain guarantee and ESL Unsecured Claims at certain Debtors).
- c. Each holder of a Secured Claim shall only receive a recovery from the Debtor against which the Secured Claim is Allowed.
- d. Pre- and post-petition Intercompany Claims shall be disregarded and not participate in Distributions from the Liquidating Trust.
- e. Each holder of an Administrative Expense Claim, Priority Tax Claim, ESL 507(b) Priority Claim, subject to the limitations contained herein, Other 507(b) Priority Claim, or Priority Non-Tax Claim, shall receive its Distributions from the consolidated Liquidating Trust Assets, irrespective of the Debtor against which such Claim was filed or is Allowed.
- f. In response to objections of parties in interest arguing that certain creditors would be uniquely disadvantaged by the consolidation for the Debtors' Assets, such creditors will receive a "Plan Settlement Premium" (as defined in the Disclosure Statement) which proposes to "bridge the gap" by providing incremental recoveries to affected creditors. Specifically, a percentage of Total Assets amongst the Debtors will be available only for creditors of Kmart Corp., Kmart IL, and Kmart of Washington. The Plan Settlement Premium is calculated by comparing recoveries of the Affected Creditors in a de-consolidated chapter 11 scenario and a substantively consolidated (for Distribution purposes) chapter 11 scenario.
- g. After applying the appropriate Plan Settlement Premium to each Affected Creditors' recoveries, holders of Allowed PBGC Claims, General Unsecured Claims, Kmart IL Guarantee Claims, Kmart WA Guarantee Claims, ESL Unsecured Claims against Kmart, ESL Unsecured Claims against Kmart Stores of Illinois LLC, ESL Unsecured Claims against Kmart of Washington LLC, and ESL Unsecured Claims share in Total Assets (as applicable) as follows, in accordance with the Plan:
  - i. 7.60% of Net Proceeds of Total Assets will be made available exclusively for distributions to holders of Allowed General Unsecured Claims and Allowed ESL Unsecured Claims against Kmart Corp.;
  - ii. 1.19% of Net Proceeds of Total Assets will be made available exclusively for distributions to holders of Allowed Kmart IL Guarantee Claims, the Allowed PBGC Claim against Kmart Stores of Illinois LLC, and Allowed ESL Unsecured Claims against Kmart Stores of Illinois LLC;
  - iii. 0.16% of Net Proceeds of Total Assets will be made available exclusively for distributions to holders of Allowed Kmart WA

Guarantee Claims, the Allowed PBGC Claim against Kmart of Washington LLC, and Allowed ESL Unsecured Claims against Kmart of Washington LLC; and

iv. 91.05% of Net Proceeds of Total Assets will be made available for distributions to holders of Allowed General Unsecured Claims, the Allowed PBGC Claim, and Allowed ESL Unsecured Claims ***against any of the Debtors.***

h. Importantly, PBGC will not participate in any distributions in excess of amounts PBGC would have received under the Plan absent the Plan Settlement Premium. Further, PBGC will not participate in any Distributions of Excess PBGC Amounts (to the extent any such excess amounts are received).

19. With the Plan Settlement, the Debtors propose consolidating the remaining assets and liabilities for the purposes of distributions from the Liquidating Trust, thereby eliminating the arduous (and potentially impossible) process of disentangling the Debtors' prepetition Intercompany Claims. The Plan Settlement takes into consideration the risks and rewards of pursuing fully consolidated or deconsolidated plans, structuring the Plan to avoid any potential protracted litigation between and among the Debtors and various parties in interest.

20. In deciding to pursue the Plan Settlement and ultimately the Global Settlement, the M-III team undertook an extensive analysis of the Debtors' pre- and post-petition books and records, in particular their post-petition intercompany transactions, to evaluate whether intercompany liabilities between the Debtor entities could be accurately determined or if substantive consolidation would be appropriate. Specifically, my team and I conducted an analysis and examination of, among other things, the Debtors' bookkeeping and record keeping practices, their accounting systems, their corporate structure and its history, their public securities filings, and their major contracts and leases. Among other things, we found that: historical intercompany data was incomplete and at times inaccurate, creating a possibility of inaccurate results by orders of magnitude; antiquated accounting systems (reflecting millions of lines of data) complicated the

analysis of historical intercompany transaction data;<sup>4</sup> and significant adjustments would have to be considered in light of spin-offs and dozens of other transactions over the years.

21. Further, because the Debtors' financial statements were historically prepared with the view to creating one consolidated report for all Debtors, the Debtors' intercompany balances were consolidated for all Intercompany Transactions recorded for each Debtor over time, aggregated into one net balance of either a receivable or payable for each Debtor that it had collectively with all of the other entities and either reported as a net receivable or payable. Effectively, each existing intercompany balance is a consolidated intercompany balance for each Debtor. Because of this netting, it is difficult to analyze each individual Intercompany Transaction that comprises the netted, recorded, Intercompany Claim number for each Debtor.<sup>5</sup>

22. Therefore, I believe that determining an accurate accounting of prepetition Intercompany Claims among the Debtors would be extremely challenging, cost-prohibitive, and time consuming, with no guarantee that the analysis, even if completed, would be sufficiently accurate. For example, while the Debtors' accounting systems identify the entities to which intercompany payables are due or from which intercompany receivables are due in the ordinary course, the millions of entries are netted automatically by the accounting system and are not summarized by Debtor. The intercompany balances are consolidated for all intercompany

---

<sup>4</sup> Historically, the Debtors maintained their financial books and records in multiple legacy accounting systems utilized by the Sears and Kmart entities prior to the merger of Kmart and Sears Roebuck in 2005. These systems utilize equipment that in some cases was purchased more than 20 years ago and were used to capture the daily and periodic transactions for reporting sales, purchases, and receipt of merchandise, etc. These systems are old, difficult to use, and crash on a regular basis.

<sup>5</sup> The Debtors' current accounting information is captured and recorded in the Peoplesoft (ORACLE) General Ledger system. The information is recorded on a consolidated basis because the Debtors' typically prepare financial statements on a consolidated basis. While, all accounting entries in ORACLE are coded with certain searchable attributes, to analyze the data on an entity-by-entity basis, a search for a particular attribute must be made in the ORACLE system. The data must then be extracted and analyzed manually in Excel. This process is cumbersome and extremely time-consuming.

transactions recorded for each Debtor over time, aggregated into one net balance of either a receivable or payable for each Debtor that it has collectively with all of the other entities and either reported as a net receivable or payable. Because the Debtors' financial statements were historically prepared with the view to creating one consolidated report for all Debtors, the Debtors cannot readily identify the particular Debtor entity to which intercompany balances are owed, and vice versa. Effectively, each existing intercompany balance is a consolidated intercompany balance for each Debtor.

23. Aside from the highly intensive forensic accounting analysis required for potentially decades of data, the Debtors would still be required to resolve the legal implications of among other things, potential claims or causes of actions arising from the intercompany transfers, the potential recharacterization of intercompany accounts, and intercompany asset ownership. The Sears enterprise, generally, kept books and records and intended to record the enterprise's transactions. Accordingly, I believe there would be significant difficulties and enormous costs that would be borne by the Estates to disentangle the prepetition Intercompany Claims on a Debtor-by-Debtor basis, which would deplete the Estate's resources and reduce available recoveries for all creditors.

24. Other factors for substantive consolidation are as follows:

- a. Although the Debtors utilized two major brand names, Sears and Kmart, for their retail stores, the Debtors operated as a single enterprise with a goal of profit maximization for the entire enterprise, rather than maximization at each component entity. Moreover, many creditors conducted business primarily with three Debtors—Sears Holdings, Sears Roebuck and Kmart Corporation—and, in each case, the purchases by the Debtor entities were on behalf of all the Debtors. For example, Kmart Corporation purchased the majority of the non-merchandise related needs for all of the Debtors, and Sears Roebuck purchased a significant amount of the store merchandise sold in both Sears and Kmart stores.

- b. A combination of three individuals serve on the vast majority of the Debtors' boards, and for those entities for which these individuals do not serve as directors, a combination of the three individuals serve as officers.
- c. The Debtors maintained a centralized office location in Hoffman Estates, Illinois where a significant percentage of the management and support staff directing all aspects of the debtors' operations were located, including the Debtors' corporate officers.
- d. Essentially all services and operations were centralized so that one entity (or group of entities) was responsible for each major function including the following:
  - i. Financial reporting
  - ii. Treasury operations (i.e. cash management)
  - iii. Human resources and payroll
  - iv. Tax planning and compliance
  - v. Real estate management
  - vi. Internal audit
  - vii. Merchandise purchasing
  - viii. Non-merchandise purchasing
  - ix. Logistics and distribution center management
- e. As a result of centralized services and treasury functions there were thousands of intercompany journal entries a week to account for the daily, weekly, monthly and other periodic activity between the Debtors. Because the Debtors' focus was reporting on a consolidated basis and the volume of transactions was astronomical, the Debtors—except for certain statutory, tax or legal reasons—did not settle monthly intercompany transactions at the end of each period. The Debtors would proceed to each new reporting period as long as the intercompany transactions recorded ultimately netted to “zero” on a consolidated basis.
- f. Financing was provided principally through Sears Holdings or Sears, Roebuck Acceptance Corp. with the majority of the remaining Debtors providing guarantees of the debt. Funds were centralized and available for all entities.

- g. The Debtors' public financial statements were filed on a "consolidated only" basis—third party creditors were not provided with entity-by-entity balance sheets in the ordinary course.
- h. The Debtors' first lien and second lien creditors loaned approximately \$5 billion in funded prepetition debt issued, borrowed, or guaranteed by a significant number of the Debtors.
- i. Payments for services rendered, goods delivered, or other obligations owed to vendors for all Debtors were primarily made through disbursements from either Sears Holdings, Sears Roebuck or Kmart Corp.
- j. The Debtors' senior executives were each identified as "Sears Holdings" executives and utilized business cards, email addresses, letterhead, and mailing addresses establishing their status as Sears Holdings personnel.

25. Despite the above, there are also certain factors in favor of deconsolidation:

Kmart and Sears maintained separate stores and brands; many creditors could have relied on the separateness of Debtors; funded indebtedness was typically guaranteed by certain, but not all, entities; forensic accounting and dis-entanglement of intercompany transactions is theoretically possible; certain creditors benefit from controlled group liability in a "deconsolidated" scenario (*e.g.*, PBGC). However, in that context, understanding that there are significant risks associated with the substantive consolidation, the settlement to obviate the risks and costs of litigation of such complex issues is reasonable and appropriate.

26. Overall, the Plan Settlement seeks to resolve the most significant inter-case disputes and intercompany issues without unnecessarily expensive and protracted litigation. Absent the Plan Settlement, the prosecution of extraordinarily complex, difficult litigation relating to substantive consolidation (including considerable inter-estate and inter-creditor litigation) and related issues would ensue. Fundamentally, the outcome of such litigation is not easily predicted and is unlikely to benefit these estates or the stakeholders. Even if successful, the costs and delays associated with litigation could significantly impact the Debtors' Estates.

27. The Plan Settlement is one of the foundations for the Debtors' Plan and seeks to provide the stakeholders with certainty, as well as prompt and maximized distributions, without the corresponding cost-prohibitive and time-consuming litigation surrounding the complex issues of substantive consolidation. Pursuant to the Plan Settlement, including the Plan Settlement Premiums where applicable, the Debtors will provide unsecured creditors with recoveries in excess of those available under a deconsolidated chapter 11 plan. The Plan Settlement also maximizes value because it resolves significant Intercompany Claims, and in conjunction with the PBGC Settlement, caps the amount of Claims that PBGC could assert against every Debtor such that the PBGC does not share in the Plan Settlement Premiums. Without the Plan Settlement, the Debtors' path to exit chapter 11 would be more uncertain and fraught with potentially crippling litigation, which would almost certainly lead to decreased recoveries for unsecured creditors. Further, the PBGC and Creditors' Committee are supportive of the Plan Settlement. In conclusion, I believe the Plan Settlement is in the best interests of the creditors as a whole.

### **Claims Analysis**

28. The Debtors have set the following bar dates (ECF No. 2676), each of which has passed: (a) April 10, 2019 – the general bar date (the “**General Bar Date**”), and (b) September 3, 2019 – the governmental unit bar date (the “**Governmental Bar Date**,” together with the General Bar Date, the “**Bar Date**”). To date, the Debtors have received over 23,000 proofs of claims with a total value of \$85.6 billion. Since February 2019, I have overseen the M-III team tasked with conducting the claims reconciliation process to provide the best estimate of Outstanding Claims.

29. After a thorough claims reconciliation process, the Debtors believe as of the date hereof, the estimated total amount of Outstanding Claims (as defined below) is approximately \$86 million. This estimated total includes (i) claims pursuant to section 503(b)(9) of the Bankruptcy Code (“**503(b)(9) Claims**”), (ii) other administrative claims excluding 503(b)(9) Claims (“**Other Administrative Expense Claims**”), (iii) Priority Tax Claims and Priority Non-Tax Claims, and (iv) Secured Claims (collectively, the “**Outstanding Claims**”), in the estimated amounts set forth below:

- a. 503(b)(9) Claims: \$0 (when taking into account Transform’s obligations under section 2.3(k)(iv) of the APA)
- b. Other Administrative Expense Claims: \$50 million
- c. Priority Tax Claims and Priority Non-Tax Claims: \$18 million
- d. Secured Claims: \$18 million

30. Upon confirmation of the Second Amended Plan, approximately \$58.6 billion of cross-debtor claims will be extinguished and \$1.9 billion of PBGC claims shall be extinguished (PBGC has filed proofs of claims at each Debtor pursuant to their joint and several liability). The remaining claims after the Confirmation, but before the Debtors’ objections, will be \$25.1 billion (21,500 claims), including \$21.7 billion (16,000 claims) in General Unsecured Claims.

31. To date, the Debtors have filed claims objections for approximately \$710 million, reducing the total remaining Outstanding Claims from \$6.6 billion to \$5.9 billion. Additional objections to the Outstanding Claims for approximately \$5.8 billion exist and will be filed in the future. Thus, the total remaining Outstanding Claims is approximately \$176.7 million, resulting in a final estimated total of approximately \$86 million (applying Transform’s obligation to assume \$90 million of 503(b)(9) Claims).

32. Objections exist on the following bases:
- a. Satisfied: Amounts satisfied and/or released due to associated contracts and/or leases assumed and assigned by Transform, or by credits on account.
  - b. Reclassified: Claims incorrectly filed as 503(b)(9) or Other Administrative Expense Claims that should be reclassified as General Unsecured Claims.
  - c. Duplicate: Claims filed multiple times against the same Debtor.
  - d. Amended/Superseded: Claims that have been amended and superseded by subsequently filed claim(s).
  - e. Insufficient Documentation: Claims filed with no or insufficient documentation supporting the asserted priority and/or amounts.
  - f. Late-Filed: Claims filed after the Bar Date.
  - g. Reduce and Allow: Debtor agrees with claim, but disagrees with amount.

**The 503(b)(9) Claims Reconciliation Process**

33. In February 2019, around the Closing Date of the Sale Transaction, the Debtors started a 503(b)(9) Claims reconciliation process (“**503(b)(9) Claims Reconciliation Process**”), recognizing that it would be beneficial to the Estates to get an accurate estimate of 503(b)(9) Claims. The 503(b)(9) Claims Reconciliation Process has been extensive and ongoing since that time. A team from M-III under my direction is responsible for this reconciliation process, with assistance from Deloitte & Touche (“**Deloitte**”). Deloitte was specifically retained to assist with the 503(b)(9) Claims Reconciliation Process, and worked alongside M-III to review the claims after an initial reconciliation by Transform. As a result of this process (as explained below), M-III estimates that there are approximately \$90 million in 503(b)(9) Claims as follows:

<b>503(b)(9) Claims</b>	
503(b)(9) Claims filed to date	\$1.4 billion
<i>Minus</i> objections filed to date	\$630 million
<i>Minus</i> additional objections anticipated	\$105 million
<i>Minus</i> claims expunged upon Confirmation	\$555 million
<i>Equals</i> resulting estimate	\$90 million
<i>Total</i> after payment by Transform of \$97 million pursuant to section 2.3(k)(iv) of the APA (reduced for prepaid inventory shortfall)	<b>\$0</b>

34. First, the M-III team identified the universe of 503(b)(9) Claims on the claims register. As of the General Bar Date, a total of 2,635 proofs of claims valued at approximately \$1.4 billion had been filed. To identify which of these claims were indeed valid, the M-III team determined how to reconcile the detail in the as-filed claims with the Debtors' books and records. Given the significant volume of data, it was necessary to develop a logical strategy to review the claims. As such, M-III prioritized and allocated resources based on value focusing first on reconciling vendor claims valued at over \$100,000, and then followed by vendor claims valued between \$50,000 and \$100,000, followed by vendor claims valued between \$0 and \$50,000. In fact, claims in excess of \$100,000 accounted for approximately 92% of total 503(b)(9) Claims, excluding duplicate claims; this population represented 280 vendors out of 1,500 who filed 503(b)(9) Claims.

35. Because the Debtors maintained the relevant data in multiple separate databases, the data had to be consolidated into one database in order to efficiently and accurately do the reconciliation. The process of consolidating and pulling the significant amount of data in these databases required significant time and assistance from Transform. Once the data was compiled, the internal audit group made initial comparisons of the as-filed claims against the

Debtors' books and records following the analytical hierarchy described above, starting with claims over \$100,000. After the initial comparisons were done by the internal audit group, those reconciliations were passed on to the M-III and Deloitte teams for a second-level review. Once the second level review was completed, the second-level review results were passed on for a final review from individuals at M-III and Deloitte. Throughout this review process, which spanned the course of over seven months, multiple team members from M-III and Deloitte were on-site at the corporate headquarters and worked closely with the accounts payable group, internal audit group, and business units to obtain an accurate understanding of which 503(b)(9) Claims were potentially valid.

36. Once M-III signed off on the reconciliation, the reconciliation was in a position to support the objection process, and at that point, the claims were ready for counsel's review. Together with counsel, we determined the appropriate basis of objections where applicable.

37. To date, the following 503(b)(9) Claims objections have been filed, totaling \$630 million:

Description				503(b)(9)	
				\$	#
Beginning # of Claims (As of 9/5/19)				\$ 1,380,566,380	2,635
<u>Less: Objections</u>

5075	Sixth	Satisfied	9/5/19	-	-
5100	Seventh	Amended/Super	9/9/19	(43,646,972)	(132)
5101	Eighth	Duplicate	9/9/19	(26,487,705)	(77)
Total Objections				\$ (630,131,281)	(936)

38. Additional anticipated objections totaling \$105 million are expected to be filed relating to the following categories:

<u>Anticipated Objections</u>	<u>Amount</u>
Reclassified	35,000,000
Reduce and Allow	60,000,000
Late Filed	10,000,000
Total	105,000,000

39. There are also \$555 million in 503(b)(9) Claims that will be expunged when the Plan is confirmed due to cross-debtor filed claims. Further, I understand that Section 2.3(k)(iv) of the APA provides that Transform will be liable for up to \$139 million in 503(b)(9) Claims (subject to Transform's severance obligations and deductions from any prepaid inventory shortfall). As a result, I believe the total amount of 503(b)(9) Claims the Debtors are obligated to pay is \$0. But, in the event Transform does not pay its obligations as required under the APA, the Debtors' 503(b)(9) Claim obligations would be approximately \$90 million.

**Reconciliations for the Remaining Claims**

40. The process of assessing non-503(b)(9) Claims has been ongoing since July 2019. The primary focus of this effort has been to determine which of the Other Administrative Claims, Priority Claims, and Secured Claims filed to date are valid. The total amounts of these claims were then calculated considering the objections filed to date, objections to be filed, and expungements expected upon confirmation of the Plan.

41. ***Other Administrative Expense Claims.*** As reflected in the table below, there is an estimated \$50 million in Other Administrative Expense Claims.

<b>Other Administrative Expense Claims</b>	
Claims filed to date	\$1.157 billion
<i>Minus</i> objections filed to date	\$17.3 million
<i>Minus</i> additional anticipated objections	\$44 million
<i>Minus</i> claims expunged upon Confirmation	\$1.075 billion
<i>Plus</i> additional amounts related to post-petition pre-closing accounts payable	\$30 million
<i>Equals</i> resulting estimate	\$50 million

42. To begin the reconciliation process for these Other Administrative Expense Claims, the M-III team created an extract from the July 11, 2019 claims register for such claims, a true and correct copy of which is attached hereto as **Exhibit A**. As shown in Exhibit A, there were a total of \$1.156 billion in Other Administrative Expense Claims filed as of July 11, 2019. Between July 11, 2019 and September 5, 2019, an additional \$740,000 in Other Administrative Expense Claims were filed, bringing the total number of such claims filed as of September 5, 2019 to \$1.157 billion. M-III then worked with counsel to determine the basis of objections to the Other Administrative Expense Claims identified, if any. The following Other Administrative Expense Claims objections have been filed to date, totaling \$17.3 million:

Description				Other Administrative Expense Claims	
Beginning # of Claims (As of 9/5/19)				\$	#
<u>Less: Objections</u>				\$ 1,156,536,776	656
ECF No.	#	Type	Filed

5100	Seventh	Amended/Super	9/9/19	(975,863)	(6)
5101	Eighth	Duplicate	9/9/19	(4,806,460)	(9)
				<u>\$ (17,329,928)</u>	<u>(31)</u>

43. The M-III team and I reviewed the remaining significant claims (amounts in excess of \$1 million (accounting for approximately 67% of the remaining dollars)) to identify claims for contract rejections, damages, termination fees or satisfied as a result of Transform's assumption of contracts.

44. Additional anticipated objections totaling \$44 million are expected to be filed relating to the following categories:

<u>Anticipated Objections</u>	<u>Amount</u>
Reclassified	44,000,000

45. According to Transform, the Debtors' books and records show \$41 million in post-petition and pre-close accounts payables that Transform claims the Debtors are responsible for based on section 2.3(k)(iv) of the APA. However, even if this were true (which we are in the process of auditing to determine), because the Court has already ruled that Transform is obligated to pay \$166 million in post-petition pre-Closing accounts payable, and they have only paid \$155 million to date,<sup>6</sup> an additional \$30 million related to post-petition pre-Closing accounts

<sup>6</sup> Debtors have been provided detail from Transform supporting its claim to have made approximately \$155 million of the payments against the \$166 million, which is also subject to verification by the Debtors.

payable has been added to the estimate. This results in a total estimate of \$50 million in Other Administrative Expense Claims.

46. ***Priority Claims (Tax and Non-Tax).*** As reflected in the table below, the estimated amount of Priority Claims is \$18 million.

<b>Priority Claims</b>	
Claims filed to date	\$2.37 billion
<i>Minus</i> objections filed to date	\$14.7 million
<i>Minus</i> additional anticipated objections	\$1.55 billion
<i>Minus</i> claims expunged upon Confirmation	\$787 million
<i>Equals</i> resulting estimate	\$18 million

47. To begin the reconciliation process for Priority Claims, the M-III team created an extract from the July 11, 2019 claims register for such claims, a true and correct copy of which is attached hereto as **Exhibit B**. As shown in Exhibit B, Priority Claims of \$2.37 billion (2,334 claims) have been filed to date. This includes both Priority Tax Claims and Priority Non-Tax Claims.

48. M-III reviewed the remaining claims (\$1.5 billion) and anticipates additional objections will be filed for all the remaining claims (one claim alone is for \$1.2 billion and will be expunged as being duplicative with the PBGC settlement) except for certain Priority Tax Claims and employee Priority Claims described below.

49. M-III requested the Transform tax department's assistance with the Priority Tax Claim portion of the analysis. In May 2019, M-III extracted from the claims register the Priority Tax Claims filed through April 29, 2019. M-III forwarded the extract with \$43 million of tax claims to the Transform Tax Department and asked them to review the list and determine whether the claims are valid. Transform's tax department reviewed all claims in excess of \$200,000 (\$33.7 million) and determined \$9.6 million were valid. The primary reason for

reductions were either duplicate claims or where the tax liability had already been paid. M-III added \$5.4 million (approximately 75% of the remaining 500 claims totaling \$9.4 million) for a total Priority Tax Claims estimate of \$15 million.

50. M-III also requested that Transform's human resources department provide a schedule identifying the former Sears employees who were owed pre-petition severance. M-III reviewed the resulting severance schedule and identified the amount of severance obligations qualified as Priority Claims (up to \$12,850 per employee) and calculated \$3,000,000 as the potential employee Priority Claims.

51. The Debtors have filed objections to date to \$14.7 million of the Priority Claims as follows:

<u>Description</u>				<u>Priority</u>	
				<u>\$</u>	<u>#</u>
Beginning # of Claims (As of 9/5/19)				<u>\$ 2,369,676,678</u>	2,334

				<u>\$ (14,740,348)</u>	<u>(316)</u>

52. Additional anticipated objections totaling \$1.55 billion are expected to be filed relating to the following categories:

<u>Anticipated Objections</u>	<u>Amount</u>
Reclassified	320,453,507
Duplicate	1,244,046,493
Total	<u>1,564,500,000</u>

53. I understand an additional \$787 million will be expunged upon the confirmation of the Plan for duplicate cross-debtor claims and the PBGC settlement.

54. As a result, there is a total estimate of \$18 million in Priority Claims, including \$15 million in Priority Tax Claims and \$3 million in Priority Non-Tax Claims.

55. ***Secured Claims.*** As reflected in the table below, the estimated amount of Secured Claims is \$18 million.

<b>Secured Claims</b>	
Claims filed to date	\$59.1 billion
<i>Minus</i> objections filed to date	\$48.4 million
<i>Minus</i> additional anticipated objections	\$4 billion
<i>Minus</i> claims expunged upon Confirmation	\$54.9 billion
<i>Equals</i> resulting estimate	\$18 million

56. To begin the reconciliation process for the Secured Claims, the M-III team created an extract from the July 11, 2019 claims register for such claims, a true and correct copy of which is attached hereto as **Exhibit C**. As shown in Exhibit C, there were a total of \$59.1 billion in Secured Claims filed as of July 11, 2019. Between July 11 and September 5, 2019, an additional \$17.8 million in Secured Claims were filed, bringing the total number of such claims filed as of September 5, 2019 to \$59.1 billion.

*[Remainder of Page Intentionally Left Blank.]*

57. The Debtors have filed objections to date to \$48.4 million of the Secured Claims as follows:

<u>Description</u>				<u>Secured</u>	
				<u>\$</u>	<u>#</u>

5101	Eighth	Duplicate	9/9/19	(943,883)	(20)
				<u>\$ (48,360,737)</u>	<u>(99)</u>

58. Additional anticipated objections totaling \$4 billion are expected to be filed relating to the following categories:

<u>Anticipated Objections</u>	<u>Amount</u>

Reclassified	1,766,196,859
Duplicate	2,252,036,305
Total	<u>4,052,333,164</u>

59. An additional \$54.9 billion will be expunged upon the confirmation of the Plan for duplicate cross-debtor claims and the PBGC settlement, resulting in a total estimate of \$18 million in Secured Claims.

### **Impact of APA Disputes on Claims**

60. Although the Debtors believe they have strong and credible arguments in connection with all of the APA disputes, given the ongoing nature of the disputes, the Debtors have assumed for purposes of the Claims calculations that all remaining Administrative Expense Claims, Secured Claims, Priority Tax Claims, and Priority-Non-Tax Claims will need to be

satisfied by the Estates. That said, the Debtors still believe that Transform is obligated to assume approximately \$108 million on account of 503(b)(9) Claims and Other Administrative Expense Claims; the Debtors disagree with the assertion that they under-delivered on Specified Receivables by \$66 million, and the Debtors further dispute the incremental \$30 million of Accounts Payable that Transform contends are obligations of the Estates.

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge and belief.

Notes:

- (1) Admin claims by "Claim Type" assigned by Prime Clerk to each claim entered into the Claims Register. The Summary reads from left to right. Each column to the right of the initial totals by Claim Type identifies a general reason for excluding the filed claims. The far right column shows the revised estimated claims likely to be "Allowed"
- (2) The claims are based on the Proof of Claims (POC) filed with Prime Clerk and included in the Claims Register. The totals in the Summary schedule may be amended (increased or decreased) based on the Debtors further ongoing review of the "Scheduled" liability amounts with no POC, review of motions filed by vendors and, additional claims filed pursuant to an administrative claims bar date.
- (3) Columns N through P show the current net estimated final claims; Row 37 and 38 show the estimated high and low range for total Admin claims
- (4) Admin Claim Extract- To the right of the Summary tab is an extract from the Claims register of all filed secured claims, showing the following: Claim number, Claim Date, Debtor, Claimant Name, Current admin claim amount, Claim Type, Comments, reasons to exclude
- (5) The claims are from the Claims Register as of July 11, 2019
- (6) The Admin Claim Extract can be sorted by by each of the heading categories, and a specific claim search can be made in Column D ("Name")
- (7) Amount subject to being reclassified to consignment claim is a preliminary estimate, and hence the amount will change as reconciliation proceeds
- (8) The preliminary estimate for the accounts payable is for the period from post-petition (10/14/18) through pre-closing (2/11/19) currently reported in the Debtors' June MOR less an estimate of \$20 million to be assumed by Transform.
- (9) 503(b)(9) claims schedules are included in a separate file
- (10) Estimated reductions to Non 503(b)(9) Admin claims are due to \$30 million AP; \$18 million for various Priority claim reductions and additional \$6 million for Transform assumed liabilities
- (11) Reductions in column E (Reduce and Allow) represent the Debtors estimated reductions to filed claims for the following; some or all of the invoices have been paid or satisfied through credits or returns, or; the debtors records show the receipt date of the merchandise was before 9/25/2018 or after 0/14/18 or the be allowed by the court
- (12) Reductions in column F (License / Royalty) are primarily due to license/royalty minimums not met in 2018 and/or 2019 for rejected agreements
- (13) Reductions in column J (Termination fees and building / Garage repair costs) are from lessors. Additional specific comments are noted in the "Admin Claim Extract 7-11-19" tab for the
- (14) Reductions in column M (Estimated Other adjustments and increase to Priority Tax (Tax claims net of 20% payments on Confirmation date)) are based on preliminary assessment to be confirmed or revised based on further review of each POC. The increase to Priority Tax Claims Category is based on a separate detail review by the Sears Tax team (see separate tab "Tax Claim Review")

Notes:

- (1) Priority claims by "Claim Type" assigned by Prime Clerk to each claim entered into the Claims Register. The Summary reads from left to right. Each column to the right of the initial totals by Claim Type identifies a general reason for excluding the filed claims. The far right column shows the revised estimated claims likely to be "Allowed"
- (2) The claims are based on the Proof of Claims (POC) filed with Prime Clerk and included in the Claims Register. The totals in the Summary schedule may be amended (increased or decreased) based on the Debtors further ongoing review of the "Scheduled" liability amounts with no POC, review of motions filed by vendors and, additional claims filed pursuant to an administrative claims bar date.
- (3) Column J shows the current net estimated final claims.
- (4) Admin-Priority Claim Extract- To the right of the Summary tab is an extract from the Claims register of all filed secured claims, showing the following: Claim number, Claim Date, Debtor, Claimant Name, Current Priority claim amount, Claim Type, Comments, reasons to exclude
- (5) The claims are from the Claims Register as of July 11, 2019
- (6) The Priority Claim Extract can be sorted by by each of the heading categories, and a specific claim search can be made in Column D ("Name")

**Estimated reductions to Secured and  
Consignment for "Low Range" (Note 8)**

(4,653,420.95) (5,000,000.00)

**Total Admin and Priority Claims - Low range**

18,190,144.82 5,000,000.00

**Notes:**

(1) Secured claims by "Claim Type" assigned by Prime Clerk to each claim entered into the Claims Register. The Summary reads from left to right. Each column to the right of the initial totals by Claim Type identifies a general reason for excluding the filed claims. The far right column shows the revised estimated claims likely to be "Allowed"

(2) The claims are based on the Proof of Claims (POC) filed with Prime Clerk and included in the Claims Register. The totals in the Summary schedule may be amended (increased or decreased) based on the Debtors further ongoing review of the "Scheduled" liability amounts with no POC, review of motions filed by vendors and, additional claims filed pursuant to an administrative claims bar date.

(3) Secured Claim Extract- To the right of the Summary tab is an extract from the Claims register of all filed secured claims, showing the following: Claim number, Claim Date, Debtor, Claimant Name, Current secured claim amount, Claim Type, Comments, reasons to exclude

(4) The claims are from the Claims Register as of July 11, 2019

(5) The Secured Claim Extract can be sorted by by each of the heading categories, and a specific claim search can be made in Column D ("Name")

(6) Amount subject to being reclassified to consignment claim is a preliminary estimate, and hence the amount will change as reconciliation proceeds

(7) The preliminary estimates for Admin, Priority and Secured claims are based on the filed claim amounts plus the accounts payable for the period from post-petition (10/14/18) through pre-closing (2/11/19) currently reported in the Debtors' June MOR.

(8) Estimated reductions to Secured claims are due to all other filed claims except for the \$18 million Relator Carl Ireland, Administrator of Estate of James Garbe claim. Current Consignment high level estimate is to reduce the high claim by \$5 million.

(9) Estimated reductions are based on the assumption there are no remaining secured debt tranches as a result of the Transform purchase or the 507B Court decision

(10) Estimated reductions are based on the assumption there are no secured employee claims

(11) Estimated reduction is based on the assumption the Community Unit School District 300, an Illinois School District, Claim is not secured. See Government-Non Tax Claims category Claim #15125
